Elective	Elective
Elective	Elective

Listed above is an outline for completing a double major in Anthropology and History. This is only a suggested order for taking the courses and students are not committed to taking the courses in this particular order. Three courses may double-count between the two majors: ANT110 and two 300-level electives (one History, one Anthropology). AP test scores and/or transfer credit may allow for course waivers for some College Core requirements.
